Lead the Way

Boyd Holmes 2016

Sometimes Life is like a long walk
On the sand down by the sea,
Though the sand is smooth,
There once were footprints
That led the way for you and me.

Just as yesterday was once tomorrow,
Every follower must someday lead.
The time has come for us
to walk together
On the sand down by the sea.

**I'll lead the way so you can follow,
I'll lead the way, walk by the sea.
Lead with your soul,
And your heart will follow,
Take my hand, I'll lead the way.**

Someday a child will
look up to you
Full of questions in his eyes,
Time will stop
And you will tell him,
"Take my hand, I'll lead the way."

CHORUS

I've made mistakes and
I've made fortunes,
I've made assumptions,
some that I regret.
But these days that we
walked together
Will be the times that I
call the best.

So if someday the waves should
come and take my footprints,
Should you ever lose this melody,
Go to the sand,
down by the ocean,
Close your eyes and know it's me.

CHORUS
